Please sign here & print your name	<p>INSTRUCTIONS AND FURTHER INFORMATION CAN BE ADDED HERE Please be thorough as this information is our guide while you are away.</p> <p><u>PLEASE READ THIS</u></p> <p><u>In my experiences as a dog Psychologist Trainer Minder and Walker, I have:</u></p> <p>Learned that dogs do go of their food and arrangements should be made for a varied diet at least for a couple of days. Raw chicken wings is always good in case the need arises to keep your dog happy. Tasty <u>nutritious</u> Treats should be provided in addition to meals.</p> <p>Thank you</p>

Please note:

Whilst our insurance policy does cover us for loss, injury & death, it obviously cannot cover us for the emotional element of loss. In ten years we have never had an injury death or loss of a pet, however, it must be understood by you the pet owner, that accidents can happen at anytime. We The Pet Minder/Carer/Walker will at all times take the utmost care. We will provide second to none Pet Care. Our premises is spacious, all bowls and plates are washed daily, and not shared with other dogs. Water is always available. Dogs have their own individual water bowls plus a shared supply of fresh rain (tank) water at all times. All meals are prepared separately, and all dogs are fed away from other visiting dogs. Only four dogs are housed at one time. All dogs are allowed inside and outside whenever they desire. Our premises is heated and air conditioned for the animals comfort. Food and bedding are supplied by you the Pet Owner. Our regular exercise program ensures your Pet is relaxed and sleeps well. Should we notice any forms of anxiety we, ask your permission to administer a natural product either Behave for Dogs & Horses, Calm, or Rescue remedy. We ask that you purchase and supply any calming drops you can. Anxiety is usually not displayed by dogs until they are in the care of Minders, so we need you to be aware and prepared.
